These rules will be applied to all Machine Shearing, Commercial Blade Shearing and Woolhandling Competitions. All World Competitions will be held under Golden Shears World Council rules. Stop buttons will be in use at the Royal Welsh Show.
2. Competitors must arrive at the Shearing Section on the Showground **one hour** before the time stated in the schedule for the commencement of their competition. **Any competitor reporting late for their competitions will be charged £5 in addition to their entry fee.** Please telephone the office (01982 554420) if you are delayed in traffic on the day of your competition.
3. All reporting times in this Schedule will be strictly adhered to.
4. Competitors must use a comb protector on their hand pieces at all times when not in use in the shearing area.
5. On entering a competition, a competitor agrees to accept the prizes offered.
6. The decision of the Chief Referee of the day shall be final.
7. Any competitor found tampering with sheep in the pens yet to be shorn may be disqualified.
8. Competitors take part at their own risk.
9. Only worm drives will be used at the Show.
10. Competitors are only permitted to participate under their own names and cannot nominate another competitor to shear in their place.
11. Competitors will not be allowed to wear trade vests etc., other than those issued by the Chief Referee.
12. **No late entries will be accepted.**
13. Competitors must wear suitable footwear and dress.
14. Society owned Perpetual Trophies presented at the Show **MUST** be returned to the Awards Office **IMMEDIATELY** after presentation for engraving. They may be collected after engraving on any Show day.
15. All Perpetual Trophies won at the 2010 Show **MUST BE RETURNED** to the Society by 1st May 2011.
16. Where necessary, bye-laws and regulations as printed in the Society's Livestock Schedule and Safety Policy Document, will apply.
17. A disputes panel has been established to deal with any practical issue which might arise on the day of the competitions. The panel will consist of the Chairman, Chief Referee, Judge and Competitor's representative concerned.

19. Competitors should note that sheep may have been dipped within four weeks prior to the Show; however, every effort will be made to ensure that they have not been dipped within this period.
20. All organisers, competitors and sheep suppliers will uphold all bio-security protocols currently applicable at all times.

PEIRIANNAU HOGI • ABRASIVE WHEELS/GRINDING MACHINES

The Health and Safety at Work Act 1974 requires all plant and equipment to be safe and be used in a safe manner. The Provision and Use of Work Equipment Regulations 1992 also requires the safe use of all equipment. To enable the Society to comply with these requirements, all abrasive wheels/grinding machines must be used as they are intended - with the guards provided in place at all times; only competent persons are to use the abrasive wheels/grinding machines, and the required protective clothing must be used at all times. Failure to comply with this requirement will lead to disqualification.

**CLWB 200 - PWYLLGOR CNEIFIO DEFAID
SHEEP SHEARING COMMITTEE - 200 CLUB**

Over the past few years, you may have noticed many improvements to the Society's Sheep Shearing Stand/Pavilion, including the holding pens to the rear of the building. These have been financed by the Committee and the shearers themselves through the 200 Club.

In order that future projects can be undertaken without outside assistance, it is important to increase the number of members in the 200 Club. We would therefore be most grateful if you would consider joining and complete the form and mandate below. This kind of contribution would be greatly appreciated by both shearers and spectators.

The draw will be operated as follows:-

1. Monthly prizes will be drawn: £15; £10; £5.
2. These prizes will be subject to alteration if insufficient tickets are sold.
3. There is a limit of one prize per member per month.
4. All proceeds in aid of the RWAS Sheep Shearing Stand/Pavilion.
